DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Claims 1-12 are allowable because the prior art of record fails to teach, in combination with other limitations, a method comprising the steps of: delaying assertion of a final transmit start signal and the carrier sense signal are active, thereby avoiding packet collisions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
